

South of 60 Submission Requirements Summer/Fall 2010

Can Art Save Us?

Aug 6 - 29 Opening: Friday, Aug 6, 7-9pm

This juried multi-media exhibition looks at the role of art in changing the way we think about our environment. Artists are invited to submit work that depicts issues of "the environment".

Submission details: all work must be original and hand-made; all media is welcome; work must be submitted for jurying ready to hang or be presented.

Submission Deadline: Sunday, July 18, 2010

Found Art Competition

Sept 3 - Oct 9 Opening: Sept 3, 7-9pm Submission Deadline: Monday, Aug 30

Submission Details:

This competition is open to everyone. A fee of \$10 per submission will give artists an opportunity to compete for prizes.

A found object is an already existing object that is incorporated in to the art making process. Some examples of found objects are natural finds such as bark, stones, and driftwood, or recycled objects such as cloth, plastic, or metal. Found Art includes found object(s). For example, painting an unrelated image on a saw blade would not qualify. However, using the saw blade as a bird's beak in a larger piece and painting it accordingly would qualify. The found object ends up having a larger meaning than its original use. This exhibition is not juried. Pieces will only be disqualified if they are not found art.

Upstairs Gallery

The MVAC Member's Gallery, now called the **Upstairs Gallery**, located on the second floor of the Railway Station, is currently accepting exhibition proposals for the 2010 and exhibition season.

Please visit www.southof60.com for submission details.
